SELLER DESCRIPTION

Its a very good car to start with if you plan to play or get to know a track it is very easy and fun to drive first off because its small it may not have tremendous power but the weight makes up for the car its easy to upgrade and tune to increase the power it is also an front mount rear wheel drive car which means you can use this not only on circuit racing but you can also use it on drifting plus this is also a good starting car to learn drift techniques as for the appearance the compact and l...
