Post-Sale Inspection

The vehicle is in good condition, accident free, air, Timing belt changed at 220Tkm.

SELLER DESCRIPTION

This car was bought as a project which was started and later abandoned. The original engine was replaced with a new (no paper work available) 383 stroker crate motor. This engine is carbureted while the car originally had a fuel injected motor. The crate engine is installed and has run but the wiring is incomplete since the new motor doesn't match the cars existing harness. The car is not running at this time. We will assist with loading the car onto a trailer.
